Foreword

Dr. Bird has been a member of the British Numismatic Society and a Fellow of the American Numismatic Society for many years. He is a practising physician and a medical school associate professor who specialises in psycho-analysis and psychiatry, and in these fields has written extensively. He is also active in psycho-analytic organisations both in the U.S.A. and internationally.

As a collector he is addicted especially to things British, an outcome he suggests of his father being born and reared in Cumbria and his mother in East Anglia. His Cumbrian grandmother stimulated early interest in English numismatics by enclosing threepenny-bits and other coins in gift packages sent to Canada, where he grew up.

The group of Anglo-Saxon and Norman coins offered here is the culmination of Dr. Bird's studious and vigorous collecting efforts over the years. The energy which this has involved is amply justified by the many rare pieces which he has managed to purchase. It is also worth mentioning that he has been closely associated with Mrs. Emery May Norweb of Cleveland, whose Sylloge of Coins of the British Isles is well known, and they have worked together on coins for a number of years.

The collection, consisting of 309 coins, is offered, with the exception of the common stycas, in single lots, and apart from the stycas all are illustrated. The weight of each coin is given in grains and all the coins have references to North and Seaby, while most of the specialised papers referred to are to be found in the British Numismatic Journal.

SALE CATALOGUES

On the average we issue twelve or more Coin Catalogues and three Naval & Military Medal Catalogues each year, some of which are usually of Sales of important Collections.

CATALOGUE SUBSCRIPTIONS

Sale Catalogues, frequently illustrated, are normally posted to Subscribers about three weeks prior to the date of Sale.

Lists of "Prices Realised" are issued after each Sale, thus giving at a glance a reliable guide to value. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading. The Lists of "Prices Realised" will probably be enclosed in a following Sale Catalogue.

Subscription Rates

(*commencing from* 1*st January*)

Coin Catalogues and subsequent list of Prices Realised	£3.00 per annum
Naval & Military Medal Catalogues and subsequent list of Prices Realised	£0.75 per annum

(Reductions for new subscribers commencing after 1st April.)

All subscriptions expire on 31st December, and renewal reminders are issued. Catalogues of past Sales cannot be supplied.

AIR MAIL

To allow subscribers resident outside Europe time to submit postal bids, Pre-Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and the cost must be borne by the Subscriber. In such cases an additional £2.00 should be sent as a deposit and we will advise when this is exhausted.
